

## LETTER OF PERMISSION

4<sup>th</sup> October 2020

To whom it may concern:

We hereby give ..... permission to use any recordings owned by us for unlimited use for any audio and video productions by the named production company above.

For the avoidance of doubt we give the express permission for the named production company above to use any recordings with a ISRC code starting with UKX2H for their own commercial projects.

All tracks used must be credited in full in your credits section and must contain the full artist name, featured artist, remixer (if there is one) and track name.

The only limitation to this permission and where permission is not granted is where a commercial project created by the production company would generate it's own unique ISRC code.

Permission is granted but in the unlikely situation where permission can no longer be given permission can be withdrawn at anytime and without compensation.

By using our recordings you accept the conditions above.

Yours faithfully,

Ajay Ahuja  
Director Of AAP Movies Ltd
